

Set up your Online Banking Alerts

Stay in Control: Set Up Bank Alerts Today

Know Your Balance

Protect Account Fraud

Stay Safe

How do bank alerts help me?

- Security:** It tells you instantly about any activity on your account, so you can catch fraud quickly.
- Money Management:** It helps you keep track of your balance and spending, preventing overdrafts.
- Convenience:** You get instant updates on your phone, so you always know what's happening with your money.

PromiseOne Bank alert system is important because it keeps you informed about everything happening in your accounts and you will be the first person to be informed.

Imagine getting a text message every time your debit card is used, or an email when your paycheck arrives.

This instant notification is crucial for **security**. If someone steals your card or information, you'll know immediately and can stop them before they do more damage. It also helps you spot mistakes, like double charges or incorrect amounts. Ultimately, "PromiseOne's" alerts give you **peace of mind**. You don't have to constantly check your account. The system does it for you, giving you control and confidence in your financial life.
